

North Island Wildlife Recovery Association

2026 GREEN TEEN VOLUNTEER APPLICATION

(Please print clearly)

NIWRA’s mission is to care for ill, injured, and orphaned wildlife and to educate the public on wildlife and environmental issues. We couldn’t do this without our team of volunteers! The **Green Teens** are youth volunteers between the ages of 12 – 18 with an important public education role as part of NIWRA’s Education Team. Green Teens staff Education Stations with interactive educational displays for the public to view on-site and during some off-site events. Training is provided. We request a commitment of 30 hrs during the Green Teen season (Mar-Aug).

**** Please note:** Green Teens do not work directly with animals.
